INNOVATIVE SUPPLEMENT MANUFACTURER

CUSTOM FORMULATIONS • CONTRACT MANUFACTURING

WHAT WE ARE

SDC Nutrition's ongoing commitment to superior quality is backed by 10+ years of supplement manufacturing.

SDC Nutrition was founded upon a single principal: **Integrity.**

Integrity in manufacturing quality products that go beyond cGMP guidelines alone.

Integrity in the consistency and honesty of communication with our customers.

Integrity that our word is good, and we will always endeavor to not only meet, but exceed the standards we have, and by extension, our customers standards.

We operate under this principal because we have been on the other end as customers. SDC was created to make all customers feel comfortable in knowing that they are working with a manufacturing partner who is knowledgeable, experienced, forthright, and communicative. We know how important it is to deal with business partners and manufacturers you can trust who do what they say they will do – who have **Integrity**.

STATE-OF-THE-ART FACILITIES

130,000 Square Feet of Manufacturing and Warehouse (Including Flexi-Warehouse)

- **Multiple Solid Dose Suites with Automated Bottling/Packaging**
- **Multiple Independent Powder Production Lines**
- **Various Turn Key Packaging Options**
- **Extensive R&D Capabilities and Resources**
- **Focus on Quality Control , Quality Assurance, and Regulatory**

COMING IN 2022

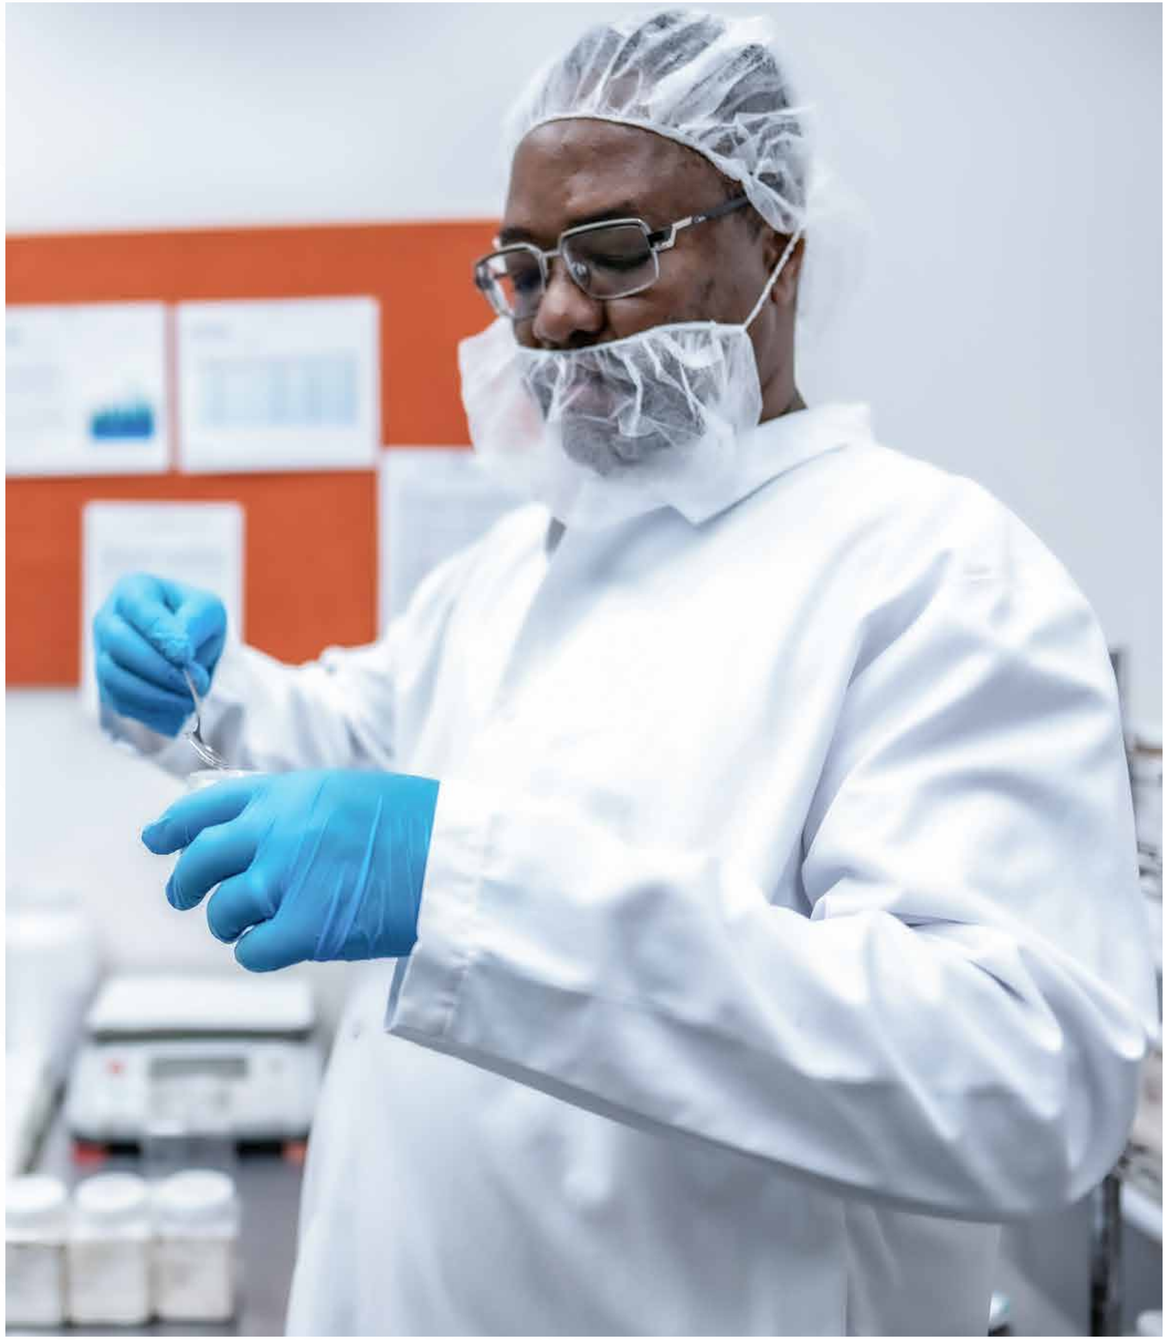
- **ISO Certified Chemistry Lab for testing microbial, heavy metals, and HPLC.**

OUR CERTIFICATIONS INCLUDE

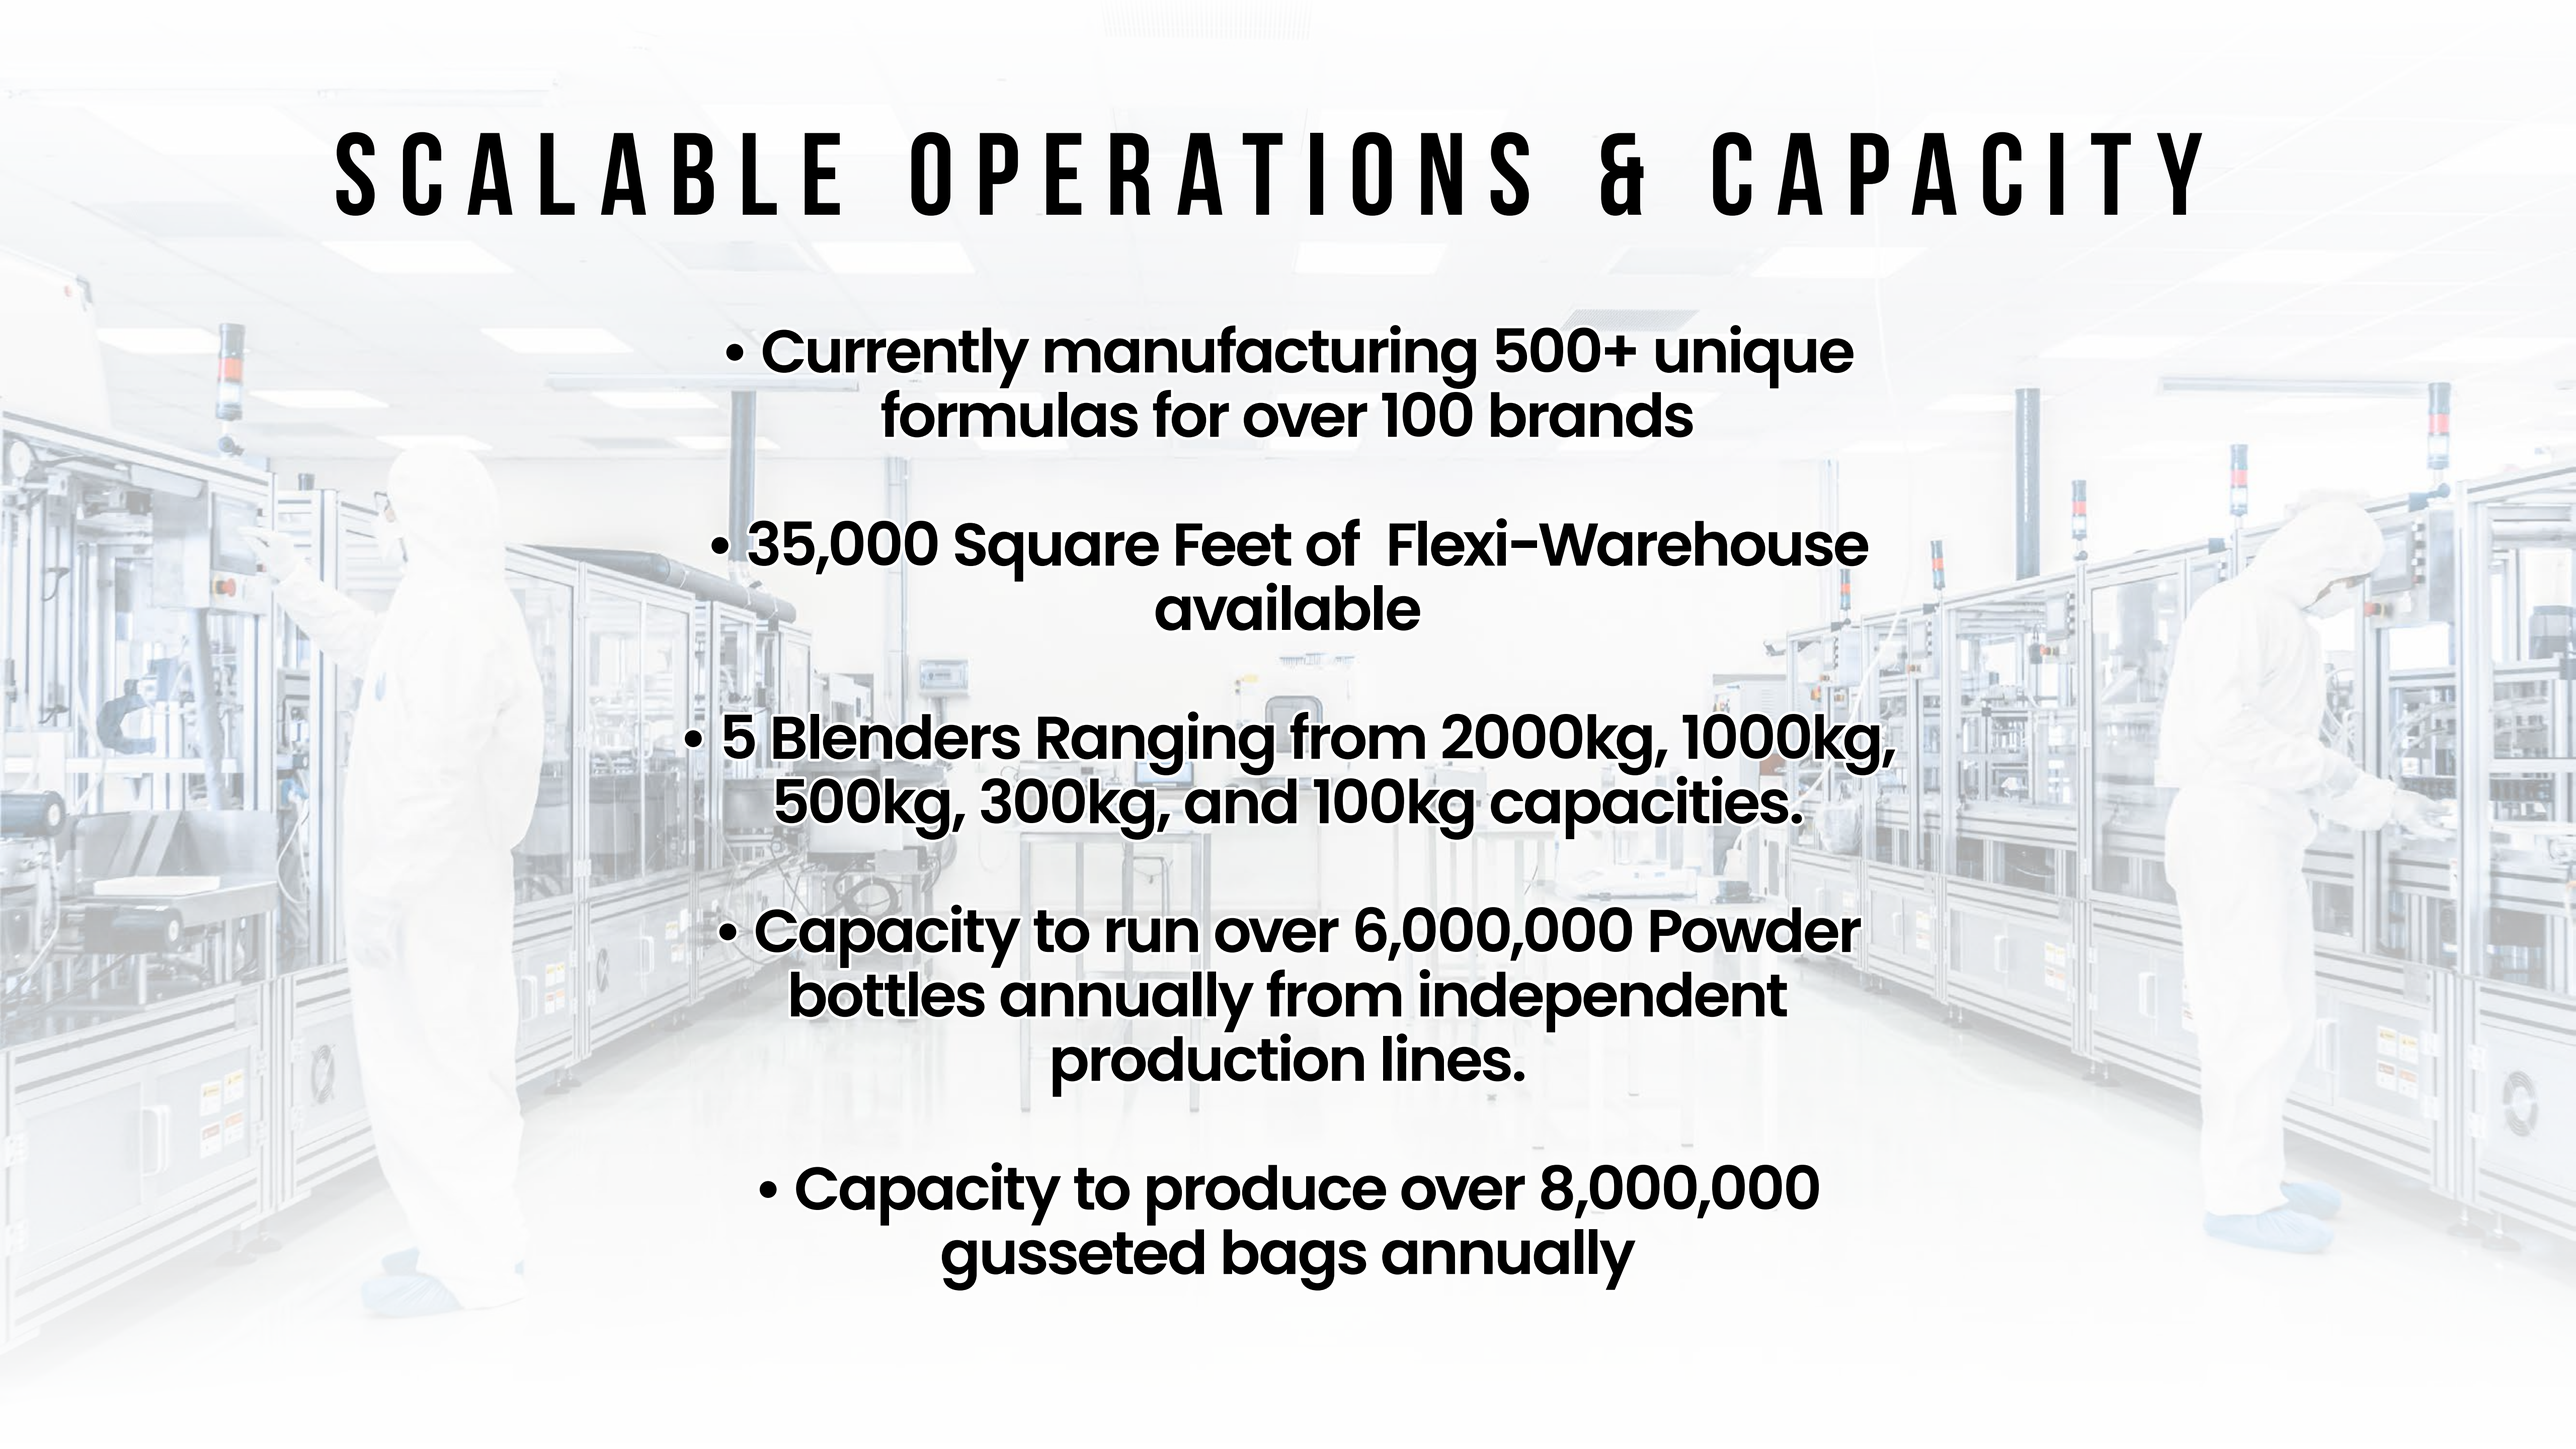
FDA CFR 101 · USDA ORGANIC · INSPECTED cGMP FACILITY · HALAL · EU · MANUFACTURED AT A FDA INSPECTED FACILITY · K · NSF · GS1 · Health Canada

IN HOUSE RESEARCH & DEVELOPMENT

- 1000 New Products Developed Annually
- Custom Formulation of Powders or Capsules
- Quick Turnaround on Sample Production Runs
- Access to Semi-Automatic Encapsulation & Small Powder Blenders for Small Batch Runs
- Industry Leading Flavor Layering Method For Unique & New Flavor Profiles



SCALABLE OPERATIONS & CAPACITY



- Currently manufacturing 500+ unique formulas for over 100 brands

- 35,000 Square Feet of Flexi-Warehouse available

- 5 Blenders Ranging from 2000kg, 1000kg, 500kg, 300kg, and 100kg capacities.

- Capacity to run over 6,000,000 Powder bottles annually from independent production lines.

- Capacity to produce over 8,000,000 gusseted bags annually

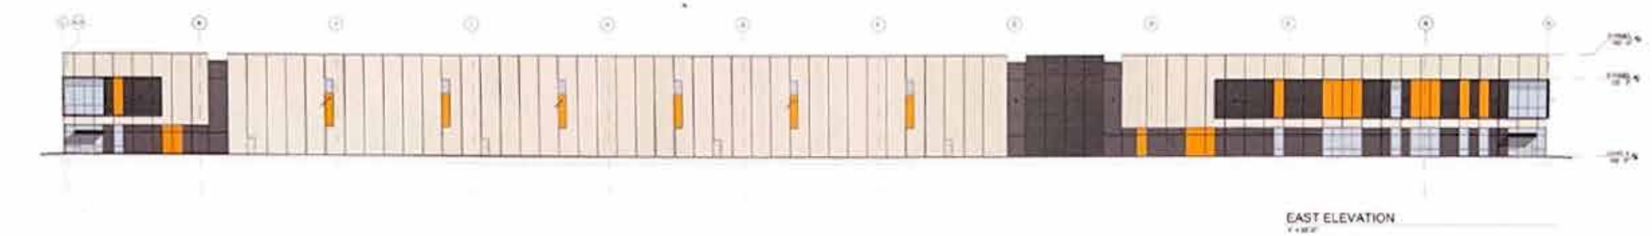
- Production Scalability with additional warehouse space and new equipment
- Regulatory and Quality Assurance oversight for superior products
- Ingredient and Packaging Supply Chain Support and Management
- Fast & Efficient R&D Throughput and Flexible Production Capabilities
- Custom Coded Information Systems
- Made For “Just In Time” Systems
- Competitive Pricing

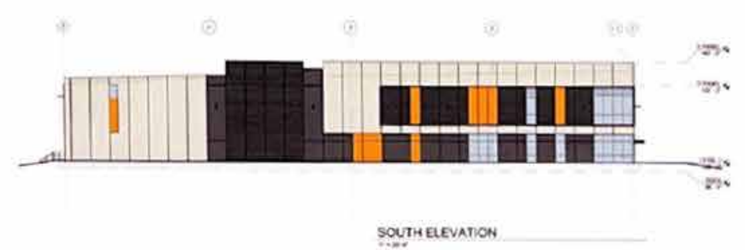
BUILDING INTO THE FUTURE

SDC has begun plans to build and move into our new 200,000 sq ft facility that will be completed in 2023 to allow us to provide better and more diversified service to our customers.

BUILDING INTO THE FUTURE

Elevations





In 2023, our custom built 200,000 sq ft facility will house our diversified manufacturing and packaging capabilities, R&D laboratory, Quality laboratory, corporate offices, and warehouse, while still having access to another 150,000 sq ft of temporary warehousing adjacent to our building to help facilitate any additional customer needs, including 3PL distribution and supply chain support to provide an even better, full service experience and superior products for years to come.
